

You Don't Have To Close The Door

F **C** **Dm** **Bb**

Didn't know I made you mad till the look changed in your eye

F **C** **Dm**

Bb

Didn't know the thoughts you had would make me wanna lay down
and die

F **C** **Dm** **Bb**

Didn't know I could feel so sad that all I could do was cry

F **C** **Dm** **Bb**

Didn't know good from bad till I heard you say goodbye

F C **Dm** **Bb**

Chorus: I'd take the train, but the train don't leave here anymore

F C **Dm** **Bb**

I'd walk out in the rain, but I can't get up off the floor

F C **Dm** **Bb**

Never felt this much pain, don't wanna feel it anymore

F C **Dm** **Bb**

Gotta tell you again you don't have to close the door

Didn't know I couldn't stop falling in love with you

I was on the mountain top, all I saw was the view

Then the clouds came in, the sky got dark, there was thunder there
was rain

I can't find the sun this mornin' I'll have to start that climb again (cho.)

F (hold) **C** **Dm** **Bb**

Bridge: Now I, I've got a reason tonight

C **Dm** **Bb**

For stayin' away and keepin' out of sight

C

You know why I hide

Dm **Bb** **C (hold)**

But I'll try to make things right once again

Didn't know I took the chance till I was out of the game

Didn't know a sudden glance would bring bitterness and shame

Didn't know I lost out, I was sure nobody won
Didn't know it was over, didn't think I'd begun (cho.)
